

Kettering City Schools

Test Security

For Families and Students

Regarding security of online and paper tests, Kettering City Schools will follow the testing security procedures outlined in [Ohio Administrative Code 3301-13-05](#).

It is important for all students to understand that during any testing session, they are responsible for not sharing any information from the test with anyone outside of the testing room. Also, any use of an electronic device during a test administration is a security violation and may be punishable by having their device handed over to the teacher/test administrator and their test invalidated.

For further questions regarding test security, please see your building principal.
