## **Sideline Cheer 2<sup>nd</sup>\* - 6<sup>th</sup> grades**

2020-2021 Season

Kettering Basketball Club (Future Firebirds) offers Sideline (cheer at boys games) and Competition (compete in cheer competitions) Cheer teams for Kettering City School students. The tryouts for the Competition teams happens earlier in the year. This flyer is announcing sign-ups for those interested in Sideline Cheer teams. This year may be different because of existing capacity restrictions at our games from the State of Ohio. However, those games do not start until Dec and it is possible that the restrictions will have been lifted or relaxed by then and we will be able to have normal sideline cheer at games. Please keep in mind that if the restrictions are not changed, we will need to adapt the plan to perhaps include some cheer competitions or separate cheer shows for parents.

**Tryouts:** There is no charge for clinics or tryouts **but you must register online to participate**

**When:** **Clinics will be by grade and will start in early Oct this year.**  
Exact dates and times for your session will be sent in an email when you register.

We are following some new rules this year in order to make things possible. They are as simple as possible and as close to a normal experience for players and coaches as possible. **Please follow these rules, they must be strictly enforced.**

- Online registration in advance will include one-click check in for parents so that they can drop off at the door and indicate that their child has arrived rather than entering facility – **no one other than the player should enter the facility and players must stay in the Multipurpose Room at all times.**

### **What to expect:**

- **Register online at our website once before attending any events**
  - o Make sure you include a valid email address and at least a cell phone number for Mom or Dad
- You will receive an email with date/time/location of the next event (clinic/tryout) for your child
- The email will contain one link for you to tell us that your child intends to come to that event
- The email will also have a link that you click when you pull up to drop them off
  - o That click signs them in and we will contact you if we do not receive them
  - o We will be doing a touchless temperature scan upon entry and contacting you if issues
  - o Participants will use hand sanitizer upon entry and exit
  - o Pick them up at the end of the event just like you would pick them up from school
- Once registered, you will get emails telling you what the next event will be – just repeat the process

**Register now at our site website [www.futurefirebirds.com](http://www.futurefirebirds.com)**
